## Barn & Animal Facility Blueprint

**Directions:**

- 1- Choose a species of animal you would like to raise on a large scale (more than 50)
- 2- Design a blueprint for this facility on the back of this sheet.
- 3- Use your notes from this unit and the rubric below to be sure your facility meets all requirements.

**Type of Facility:**

**Production Objective:**

**Animal Inventory:**

Quantity	Species	Gender	Age

**Grading Rubric:**

Criteria	Points
Type of facility & Production Objective clearly defined.	/5
Animal Inventory is stated, more than 50 animals are planned for, and animals fit the production objective.	/5
All animal needs are drawn into the blueprint (Feed, water, shelter, living space, waste management, etc)	/20
Name of the property is included on a sign entering the farm or ranch.	/10
Blueprint is neat, colored, and creative.	/20
<b>Total</b>	<b>/60</b>
